PREFACE

THIS is the first of a quarterly series of alternate genealogical and historical pamphlets which will contain the history of the houses, lands, and families of Norwich, Conn., from 1660 to 1800. The historic pamphlets will be profusely illustrated with views of houses, copies of portraits and miniatures, and many maps. If the subscriptions should increase sufficiently to allow a more frequent issue of pamphlets, they will appear monthly, the yearly subscription to be the same in either case. Revolutionary and colonial claims will be given, and the work will form a complete history of one of the most beautiful towns in New England, and should be of great interest to the residents of nearly every city in the Union, as Norwich not only sent out inhabitants to settle the neighboring towns of Windham, Lebanon, Canterbury, etc., but also many of the pioneers who founded towns in New Hampshire, Vermont, Massachusetts, New York, Pennsylvania, Ohio, and other Western States; and in these pamphlets all persons of Norwich descent will find their lineage, and some account of the early homes of their ancestors. The genealogies will be brought down to the end of the eighteenth century, extending in some cases to the seventh generation. The families of the original settlers will first be given,—Adgate, Allyn, Backus, Baldwin, Bingham, Birchard, Bliss, Bradford, Calkins, Edgerton, Fitch, Gager, Griswold, Howard, Huntington, Hyde, Leffingwell, Mason, Post, Reynolds, Royce, Smith, Tracy, Wade, and Waterman; and if subscribers will send to the author the names of families from which they are descended, these will follow in order, precedence being given to those most in demand. The author has endeavored to condense and make the genealogical arrangement as simple as possible. Abbreviations are employed for words most in use, and a small table is appended to make these more intelligible to those who are not accustomed to works of this kind, and not familiar with this locality. The places of birth, death, and marriage are rarely given, as it is generally understood that these take place in the town where the parents reside, or, in the case of death of husband or wife, at the husband's place of residence; but when these events occur in other towns, then the name of the place is given, or the word *at* and a blank space indicate that the name is unknown. The author hopes for the co-operation of all descendants in correcting errors and furnishing data for blank spaces. Any information of this kind communicated to the author will, at the end of the year, be printed and sent to all subscribers, and in this way the family records may gradually become complete. The genealogical and historical pamphlets will be paged separately, each forming a volume by itself. At the end of each family genealogy, names will be given of those whose lineage the author has been unable to trace. None of the descendants of Henry Baldwin were among the original settlers, but the author has thought it best, when possible, to include in one pamphlet all families of the same name. An index for each pamphlet will be furnished at the close of the year, and a complete index at the end of each volume.

Rep. stands for Deputies to the General Court and Representatives to the General Assembly, and Assist. for Assistant, and College initials with date represent the year of graduation.

The name of a town enclosed in parentheses () under the date of death represents the place of residence.

In tracing one's line of descent, find in one of the later generations the name of a known ancestor, then look for the number attached to the father's name, and find this number at the side of the page, and so continue back to the first generation.

For a better understanding of locality, the different parts of ancient Norwich, with the exception of Hanover, are mentioned by their modern names; but the following table gives the first organization of the different church societies (or parishes), the early names, the date of incorporation as townships, and the modern names.

NAME OF PARISH.	ORGANIZED.	INCORPORATED.	TOWN NAME.
First Society	{ 1646 (at {Saybrook)	(Separated from Norwich city 1833)	{ Norwich town.
{ Second " (West Farms)	1718 }	1786	Franklin.*
{ Eighth " (Pantipaug)	1745-50 }	1786	Lisbon.*
{ Third " (Newent)	1723 }	1786	Bozrah.
{ Seventh " (Hanover)*	1761 }	1786	Annexed to Preston.
Fourth " (New Concord)	1733	1786	{ Second Church of Norwich
Fifth " (Long Society or East Norwich)	1726	1786	{ (now city of Norwich).
Sixth " (Chelsea)	1751	1786	

Preston was set apart as a town in 1687. The First Church was organized in 1698; the Second Church in 1720-21. In 1816 this parish, known as North Preston, was made the town of Griswold.

* In 1861 the town of Sprague was incorporated, comprising the northeast part of Franklin and the northwest part of Lisbon, including Hanover parish. The village of Hanover still retains its ancient name.
